

Get the most from your meds

Knowing what you'll pay for your medicine is important. Use these tools and resources to understand your costs and get support if your medicine isn't working for you.

Call Member Services at **952-883-5000** or **800-883-2177** when you have prescription benefit questions.

Check your formulary

A formulary, also called a drug list, tells you what medicines are covered by your health plan and generally how much you'll pay. You'll also learn if there are any requirements before you can start a medicine.

Your formulary is called GenericsAdvantageRx.

1. Go to **healthpartners.com/genericsadvantagerx**.
2. Search by the name or type of medicine.
3. Use your Summary of Benefits and Coverage (SBC) in your enrollment materials to understand how each type of medicine is covered.

Try generics

Generics are just as safe and effective as brand-name medicines, but cost a lot less. Talk to your doctor or pharmacist about switching to a generic medicine.

Search for the lowest cost

Medicine prices can change from pharmacy to pharmacy. Shop around. See what your costs are at different pharmacies. Members can get started at **healthpartners.com/pharmacy**.

Talk with a pharmacy navigator

One call will give you answers to your questions around benefits, coverage, costs, formularies and more. Call Member Services at the number on the back of your member ID card. Ask to talk with a pharmacy navigator.

Meet with a pharmacist

In a one-on-one visit, a pharmacist will review your medicines with you to make sure they're working and are right for you. Plus, it's free. Visit **healthpartners.com/mtminfo** to learn more.

Our team is here to support you. If you can't find your medicine on the formulary or shopping tool, give us a call. We'll help you find it or an alternative that's covered.
